A WEST POINT graduate stands about as much show with this administration as would a cat in hades without claws.

If Hobson will stuff the Colon full of politicians he could certainly raise her. The wind-bag plan could be carried out to perfection.

The daily papers must have a big lot of display and poster type for sale since the war closed and they can no longer use the jack-bill headlines.

MR. McKINLEY's second-fidlers have caused the old gentleman a heap of trouble. He stands by his assistants however, and if there is any way to cover their short-comings he does not hesitate to do so.

GEN. E. H. HOBSON was elected president of the National Mexican Veterans Association last week. This was an honor richly bestowed. Gen. Hobson is a gentleman of the purest type and his record as a soldier is perfect.

HON. GEO. M. DAVISON, the republican candidate for congress, will open his campaign by making a speech at Richmond, Monday. Mr. Davison will make an active canvass from now on and little grass will be allowed to grow under his feet.

GOV. BRADLEY refused to pardon a young dude for carrying a pistol and endorsed on the application these words: "The fact that young Skelton is of a good family does not excuse him, but rather aggravates the offense. The prompt punishment of young men of good family will have a salutary effect."

LIBERT HOBSON has at last succeeded in floating the Maria Teresa. The cruiser was towed to Guantanamo Bay and will be put in condition for its trip North. Hobson says he can raise the Colon by means of air bags, but some superior officers are hampering him by objections to the attempt. Let him try it. There'll be no harm done if he fails.

A REPORT has been going the rounds of the Kentucky press to the effect that Hon. R. H. Tomlinson, of this city, is a candidate for attorney general, but Mr. Tomlinson tells THE RECORD he is not a candidate. He has always been an ardent worker for the cause of democracy and if he wanted the office his party would be paying a debt of gratitude to give it to him.

THE Mexican Veterans had a nice time at Harrodsburg and Louisville. This is an organization which should be kept up as long as any of the old vets are alive. It is all very well to keep alive a war with a foreign country, but we do not believe in meetings of veterans of the civil war; for the simple reason that a family quarrel will never die out as long as members of the household continue to talk about it.

THE soldiers are proying a gold mine for the merchants at Lexington. That city has a great many hustling business men who keep a weather eye open for the city's interests and whenever there is an opportunity to bring a crowd there they put their shoulder to the wheel and pull together. They get what they go after and if sleepy, old Louisville don't wake up and shake off the hayseed the Blue-grass Capital will soon forge ahead of her.

When the great battle ship "Kentucky" sails the high seas she will carry the name of our beloved Commonwealth to people who have not so much as heard of us before, and it should be the pride of our people to see that she has nothing inferior to any ship on the waters. The people of the state should not ignore this matter, but see that a silver service is placed upon her which is just a little better than any ever presented other ships.

POINTING to the stars and stripes floating over Manila, Admiral Dewey said: "I hope it floats there forever, forever. It is strange that we have wrested an empire from those people, and that with the loss of only a few men. Our navy did most remarkable work. If I were a religious man, and I hope I am, I should say that it was the hand of God. I remember, when we engaged the fleet, seeing shells fired directly at us, and I do not understand under heaven why we escaped."

SOME reports have it that a document, very hostile to the United States, is being circulated in Eastern Cuba. On the other hand in an interview with the Courier-Journal correspondent at Santiago Gen. Garcia confirms the impression that his good will may be counted on by the United States. He declares the Provisional Cuban Government is mythical—a name only, the republic of Cuba being as yet only represented by the army in the field. He says the only government in Cuba is that of the United States, which he fully recognizes, and that it is the duty of the Cuban soldiers to lay down their arms and go to work "under the protecting arm" of the United States to build up Cuba.

STATE NEWS PICK-UPS.

THE STATE GUARD.

Speculation as to Reorganization—The Crack Regiment May Not Be Reinstated.

FRANKFORT, Ky., Sept. 24.—There is some interesting speculation here concerning the reorganization of the Kentucky state guard. All of the military companies in the state were mustered out of the service of the state when war was declared, and since then only three or four new companies have been organized to take the place of these regiments. Gov. Bradley will not discuss the matter, but it is semi-officially stated that he will not reinstate the 1st and 2d regiments, two of the oldest and the crack regiments of the state. The 1st doing garrison duty in Porto Rico under command of Col. Castleman, Gov. Bradley's bitter enemy. The 2d comprises among others the Covington and Newport companies and was recently ordered out of the service of Uncle Sam. Col. Gaither and Gov. Bradley are said to be on not much better terms than Bradley and Castleman.

No Coolness Between Bradley and Gaither. FRANKFORT, Ky., Sept. 27.—Gov. Bradley denies that there is any friction between him and Col. Gaither, of the 2d regiment. He says the talk of a coolness is absolutely unfounded. He further says: "I am reorganizing the state guard and of course, I can not wait till the regiments now in the volunteer service shall be mustered out in order to reinstate them in their old places in the state guard service."

BIG TIMBER DEAL.

Saw Mill Plant and 25,000 Acres of Timber Land Near Irvine Sold to An English Syndicate.

RICHMOND, Ky., Sept. 23.—Through real estate agents G. W. Evans and C. E. Smith, of this city, a deal was closed at Irvine by which 25,000 acres of valuable timber land, a large part of which is virgin forest in Knott and Perry counties, were transferred to an English syndicate represented by Ernest Fawke, of Liverpool, Eng., and Alex. Frazier, of Toronto, Can. Included in the deal was Ingles saw-mill at Irvine, one of the largest along the Kentucky river, which will be utilized in turning timber into lumber to supply mammoth furniture factories, which the syndicate will erect in Cincinnati. The transaction represented an investment of \$100,000, and was the biggest timber deal made in Kentucky in recent years.

BROKE HER NECK.

An Aged Lady Falls Headlong Down Stairs at Louisville, Ky., With the Above Result.

LOUISVILLE, Ky., Sept. 26.—Mrs. Catherine Stelsey, aged 75 years, fell down the steps Sunday night at her home at Payne street and Baxter avenue and sustained a broken neck. Death resulted in a few minutes. Shortly before 10 o'clock Mrs. Stelsey started up the steps to her room. She had nearly reached the second floor when she lost her balance and fell headlong down the stairs. She was immediately picked up by a grandson and carried to her room. A physician was summoned, but before he arrived Mrs. Stelsey was dead. He found that the woman's neck had been broken.

The Driver Drowned.

PINEVILLE, Ky., Sept. 27.—William G. Griggs, a prominent Baptist preacher, was drowned in Greasy creek, six miles from here Monday afternoon. He was crossing the stream when his horse was mired in quicksand, throwing Griggs into the stream and drowning him instantly. Griggs was from Union county, Tenn., and had been in this county about two months organizing Sunday schools.

Can Not Fight in Kentucky.

FRANKFORT, Ky., Sept. 24.—Gov. Bradley, upon receiving a telegram conveying the rumor that arrangements were being made to have the Corbett-McCoy fight in this state, immediately issued a proclamation Friday warning all persons not to attend the same and directing the peace officers of the state to take steps to suppress the fight if attempted in Kentucky.

Louisville Man Killed.

MIDDLEBORO, Ky., Sept. 26.—Jake Vanbebers, of Virginia, shot and fatally wounded William D. Denham, of Louisville, here. The crime, it is alleged, was unprovoked.

Rabid Dogs in Mercer County.

HARRISBURG, Ky., Sept. 27.—The mad-dog scare in Rose Hill precinct continues. William Taylor's six-year-old child and a number of cattle, etc., were bitten about ten days since. Another dog, belonging to Chris Peavler, went mad Wednesday last and bit Mrs. Tom Peavler. Mrs. Peavler was taken to Junction City, where a mad-dog was applied. A valuable horse belonging to Dallas McIntyre that was bitten nine days before went mad and had to be killed. The dogs in that precinct have all been exterminated.

Killed Over a Crap Game.

OWENSBORO, Ky., Sept. 26.—Sunday morning John Smallwood was shot and killed by Dick Wilson in a dispute over a nickel in a crap game. Both are colored. Wilson surrendered, but claims accidental shooting.

Must Pay the Taxes.

FRANKFORT, Ky., Sept. 27.—In the circuit court Monday Judge Cantrill rendered a judgment against the Western Union Telegraph Co. in favor of the state of Kentucky for \$4,600 for unpaid franchise taxes.

WANTED TO DIE.

Herbert Klem and Miss Lettie Green, Found Unconscious—Both Had Taken Morphine But Will Recover.

VERMILION, Ky., Sept. 23.—A sensation was caused by the finding of Herbert Klem, a harnessmaker, age 23 years, and Miss Lettie Green, aged 17, in an unconscious condition in a room of Daniel Green's residence, both having taken morphine. Both were fully dressed. Two notes were found. One written by Klem stated that he had lost his situation and would be better off dead.

Miss Green's note said she loved Klem better than any one in the world, and preferred dying with him to living without him. They asked to be buried side by side. After working with them several hours physicians restored them to consciousness, and it is believed both will recover.

Klem and Miss Green had been sweethearts for some time. Klem had been drinking hard for several weeks and both became despondent.

HOSPITAL REFORM.

Every One in Authority is Disciplining His Subordinates—Nurses Sent to the Guardhouse.

LEXINGTON, Ky., Sept. 27.—At the division hospital nearly everybody is being disciplined. Gen. Sanger, having been talked to by the secretary of war, is now doing the same thing to the men under him. Sunday night he arrived at the division hospital at 7 o'clock, the hour at which watches are changed. He found that day doctors came, leaving the wards without a sufficiency of medical help. As he could not find the doctors he began his work with the ward men, clerks and anybody he happened to see. When he left Dr. Garrett went the rounds of the wards. He found half a dozen male nurses asleep, and they were promptly placed in the guardhouse.

BOWLING GREEN, Ky., Sept. 24.—Mrs. Rainey Johnson, aged 39 years, who resided near Auburn, Logan county, arose from her bed Friday morning, carefully dressed herself, saturated her clothing with kerosene oil, applied a lighted match, and burned herself to a crisp from the knees to the shoulders. She lingered in great agony and died at noon. No reason is known for the dreadful deed.

Gov. Bradley Reviewed the Troops. LEXINGTON, Ky., Sept. 24.—Gov. Bradley and staff arrived here at 11:30 Friday morning and reviewed the 3d division in the afternoon. Two regiments of colored immunes marched through the town and took part in the review, which they did not do when Secretary Alger was here. Many strangers were in town to witness the review.

Facts About Bankruptcy.

Petitions for voluntary bankruptcy may be tried now under the new law which went into effect July 1. For involuntary bankruptcy, not before November 1.

By a "voluntary" bankrupt the law means one who files his own petition without waiting for his creditors to raise cautions spots camping on his neck.

A voluntary bankrupt files with his petition a schedule of his debts and his property.

If the court decides the petitioner a bankrupt a meeting of the creditors is called.

Here the bankrupt may speak freely. His explanation may never be used against him in criminal proceedings. The creditors select a trustee. He winds up the business and pays dividends.

After a month the bankrupt may apply for a discharge. Notice must be given to creditors. If the bankrupt has satisfied all requirements he is entitled to release.

In involuntary bankruptcy proceedings are begun by the creditor or creditors, who allege an "act of bankruptcy" and ask a decree.

Transferring property to defraud creditors would be an act of bankruptcy, or transferring property while insolvent to certain creditors with intent to give them an advantage over other creditors.

The bankrupt is entitled to trial by a jury upon questions of fact raised in the petition.

After a decree of bankruptcy is given the proceeding is an involuntary bankruptcy.

In other class of bankruptcy the judge may name a referee to consider either the entire matter or certain questions to be considered and reported upon.

If the creditors want the bankrupt to continue in business he may offer terms which may be accepted in writing by a majority of the creditors. The judge may hear an application to confirm the term and grant, if he deems the arrangement fair to the creditors, and if the bankrupt has done nothing contrary to law.

After one month the bankrupt is entitled to a discharge unless he has committed an offense punishable by imprisonment under the act, or destroyed his books with fraudulent intent, or for similar reasons failed to keep books.—Ex
